- Group of 3 or more NCHASNC members - \$70 each
- Walk-ins and non-members - \$90

**Lodging**

A block of rooms is reserved at the conference site. Please indicate you want the NCHASCN rate of \$89 per night plus taxes. Phone 610-521-9600.

**Deadline for Registration Fee**

Fee must be received by March 5, 2010. No refunds or transfers granted after March 2.

**Continuing Education Credit**

5 CEUs for the program provided by the Cambria-Somerset Council for Health Professionals, Inc. and the University of Pittsburgh at Johnstown.

**Program Outcomes**

1. Differentiate among the various classes of drugs by using the "suffix" for each class.
2. Discuss the clinical uses of specific drug classifications.
3. Discuss the common treatment regimens for select clinical conditions.
4. Discuss clinical interactions with food and alternative therapies.
5. Identify strategies to teach the complex mechanisms of action for select classes of drugs.

**Program Description**

This workshop is designed for nurse educators on the most common classes of drugs used in the world of medicine and nursing today. Learn about the "prils," the "sartans", the "triptans," the "dipines," the "cycloivirs," the "statins," the "prazoles," the "azoles," the "glitazones," the "floxacinis," and the "olols, alols and ilols" and many more. Barb's way of learning Pharmacology is entertaining and enlightening. You'll learn about mechanisms of action with each class of drugs, clinical indications, adverse effects, drug and food interactions, and a whole lot more. After this lecture, you'll feel much more comfortable with your clinical expertise in Pharmacology.

**Schedule**

- 7-8 a.m. • Registration**  
Exhibits, Vendors and Posters
  - 8-10 a.m. • Introduction**  
Suffixes used for drug classes/clinical uses.
  - 10-10:30 a.m.**  
Exhibits, vendors and posters
  - 10:30-11:30 a.m.**  
Common treatment for select clinical conditions
  - 11:30-12:45 p.m. • Lunch**  
Networking, Exhibits, Vendors and Posters
  - 12:45-1:45 p.m.**  
Clinical interactions with food and alternative therapies.
  - 1:45-2 p.m. • Break**  
2-3 p.m.
  - Strategies to teach pharmacology drug classifications
  - 3-3:10 p.m. • Evaluations**  
Award of CE's and announcement of winners of faculty and student presentations.
- Everyone is invited to attend the NCHASCN business meeting at 3:15 pm.**

**Barb Bancroft, RN, MSN, PNP**

Has given over 2,200 continuing education seminars on topics related to Pathophysiology, physical assessment, and pharmacology. She has been the keynote speaker for the Association of Practitioners for Infection Control, the National Association of Orthopedic Nurses, the Emergency Nurses Association, the National Association of Biology Teachers, and the American Academy of Nurse Practitioners.

**Her teaching experience:**

- University of Virginia, PNP and FNP programs
- Loyola University of Chicago – Physiology.
- Saint Xavier University – Advanced Health Assessment
- University of Arkansas – Graduate Pathophysiology and Graduate Pharmacology for Nurse Practitioners
- University of Missouri – Advanced Pathophysiology for post-master's NP program
- Virginia Commonwealth University – Advanced Pharmacology for Nurse Practitioners

Barb Bancroft is the author of "Medical Minutiae: An Apple a Day – The ABC's of Diet and Disease," and "Live a Little, Laugh a Lot." She is currently working on "Bite Me: The ABC's of Bites" and "Disease and Shampoos, Tattoos and Barbeques: The ABC's of Infectious Disease."
